PRESIDENT'S MESSAGE

By **George Finlayson, M.D.**

Greetings to all members, established and new. Not much exciting in my collecting field, but three current news items are of interest;

The South Carolina Genealogical Society is trying to identify unknown Union soldiers buried in the Florence, S.C. National Cemetery at the Florence Stockade, a prison camp during the war. By the end of the war over 2,300 Union soldiers were buried in mass graves at the site.

The recent exciting discovery of human bones on the Gettysburg battlefield, almost certainly those of a young male, presumably a confederate soldier, as the union forces occupied the field and had immediate access for burying their own. Perhaps up to 1500 soldier's bodies, Union and Confederate, are still unaccounted for from the battle.

And finally, the May 20, 1996, edition of the "Antique Week" carried a brief article on the G.A.R., its infancy, and the origin of Decoration Day, our present Memorial Day. The article was accompanied by a photo of veterans from an Indiana G.A.R. Post taken in 1905, as well as photos of several G.A.R. badges. This publicity certainly is good for the C.W.V.H.A.

As always, good hunting and good health.

SECRETARIES MESSAGE

By **Rance Hulshart**

I trust that everybody's summer is going well and that you are locating at least a few of those special items on your memorabilia list.

Some exciting items will be unveiled in near future issues of "The Veteran". Among them but certainly not all of them will be an offer of an index for the first nine years of "The Veteran" publication. How often have you remembered that an article concerning a certain item had

appeared in our newsletter, but for the life of you, you were not able to remember which issue and therefore had to look through many issues until you found it. As luck happens more often than not you looked through quite a few until you found the article you were looking for. This index which will be available at a nominal cost to members should solve this problem.

Starting with this issue, but not noticeable until the next one all issues within a volume of "The Veteran" will contain consecutive numbers. For example issue one will contain pages 1 to 12, issue two 13 to 24, etc., etc. This will make referring to articles in previous issues much simpler. Many thanks to my good friend Peter Bertram who by now you are all familiar with from his U.C.V. column, for this suggestion. For those of you who have not subscribe to his fine publication, you are missing out. Details of how to do this are located within his column on page 11.

One last thing in the works is a database I am compiling of 90% or more of all posts that existed. This will be formatted in such form that I can sort it any number of ways. It will contain the department, post name, number and location. Once completed this will be an invaluable research tool. More on this to follow in a future issue.

I have a fair supply of material for future newsletters, but I can never get too large a surplus. For those of you who haven't contributed lately, please consider doing so. Remember this publication is yours as well as every other members.

Take care, good health and luck in your pursuit of memorabilia.

"The VETERAN" is published bimonthly in January, March, May, July, September, and November and is the official publication of the Civil War Veterans Historical Association. Copyright 1995. All rights reserved.

Illustrated above is a 1/2 view cabinet card of an unidentified veteran who was a member of Winfield Scott Post No. 73 G.A.R. located Plainfield, N.J.. The photo was taken by Fisher & Manfort, Plainfield, N.J. Two unusual things about this photo is his G.A.R. membership badge has an officers style ribbon with 1/4 inch edge stripe, yet there is no past rank strap on the ribbon. The membership badge is pinned to the ribbon of a Lee & Gantz patent regimental badge. The badge indicates he had served in Co. F, 13th New Jersey. Any member who can identify this veteran, please forward this information to the editor.

SUBMITTED BY Jim McGraw

Illustrated to the left is a blue ribbon with silver print with a safety pin type attachment and an ivory wheel cog with brass band hanging at the bottom. This is a souvenir of John A. Andrew Post No. 15 G.A.R. located Boston, Mass. used on a pilgrimage to Richmond, Va., Oct. 7, 1886

CLOTH G.A.R. HAT INSIGNIA

Illustrated above is an unusual hat or possibly shoulder insignia. The background is light green with white border and wreath with red G, white A and blue R. Measures approximately 2 1/4 X 3 1/4.

90TH PENNSYLVANIAN REUNION

By Rance Hulshart

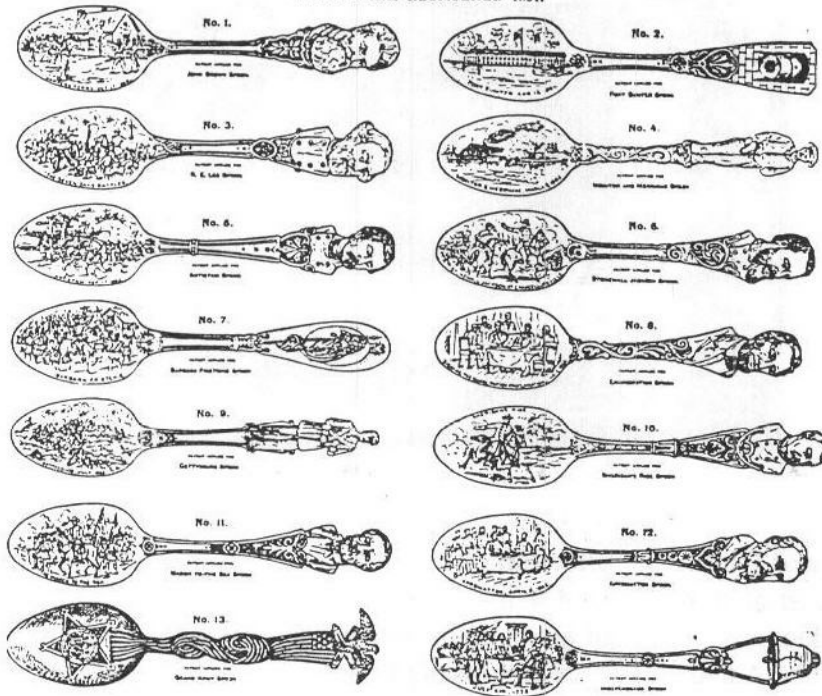

Illustrated below is a beautiful white ribbon with red, blue and yellow embroidered printing and motifs with a red tassel at the bottom. This is a souvenir of the 25th Anniversary of the Battle of Gettysburg. Although it did not have near the publicity and fanfare of the better known 50th and 75th Anniversaries of the Battle of Gettysburg, it was non the less, quite an occasion. A wide variety of souvenirs exist from this anniversary reunion and I have found most of them to be high quality. The 90th Pa. has a total of four monuments and or markers and plaques at Gettysburg all of which were officially dedicated on September 1-3, 1888. They are located at Doubleday Avenue, Ziegler's Grove, South Hancock Avenue and Christ Lutheran Church.

The reverse of the ribbon is marked Hand & McGuinness, Paterson, N.J. This firm along with basically three other firms made the majority of this type of embroidered ribbon, all of which are superbly beautiful.

WAR SPOONS.

TRADE MARK REGISTERED 1861.

THESE CUTS ARE ONE-HALF ACTUAL SIZE OF THE SPOONS.

These SOUVENIR TEA SPOONS are of sterling silver, heavy weight, and sell for \$3.00. Ask your jeweler for them, and if he does not have them, or will not get them for you, send your orders to

E. A. WHITNEY,

403 Washington Street, Boston, Mass.

The History of the War as told in Souvenir Spoons.

THESE spoons were all designed by a member of U. S. Grant Post, No. 327, of Brooklyn, N. Y., and must appeal strongly to the war memories of the boys in blue and their friends. As an educator to the younger members of the veteran's family they will prove invaluable, impressing as they will upon their minds the great historical scenes of the war, reminding them of the dangers that their fathers have passed through, and inculcate in them a feeling of patriotism and love of their country.

Also, to the American people who honor and love the veteran for all he has done for them and for the country, they must prove an invaluable reminder of the stirring times of 1861 and 1865.

The very words "Appomattox," "The March to the Sea," "Sheridan's Ride," "Grant," "Sherman," "Sheridan," and "McClellan," must always be souvenirs to the American people of that great struggle that cost so many lives. And what can be a more fitting reminder of these great deeds and great men than a Souvenir Spoon, recalling and depicting the stirring scenes with which their names are forever identified? Being in constant use they will be a daily reminder of these events and the cause of an interesting topic of conversation at the table, when the old veteran can live once again the memories of the war.

Call on your jeweler for these Spoons, and if he does not keep them, or says he cannot get them, send to the patentee at Boston, who will furnish them to you at the regular price.

Remember these cuts are only one-half the size of the spoon, and are all of sterling silver.

Please make your check out to Julieann NOT C.W.V.H.A. as it cannot be cashed this way.

G.A.R. TRIVET

By Howard Hoffman

Illustrated above is an unusual cast iron G.A.R. trivet in the shape of a three leaf clover with G.A.R. membership badge motif and motto on the center and letters GAR around. It has three small legs on each point of the reverse.

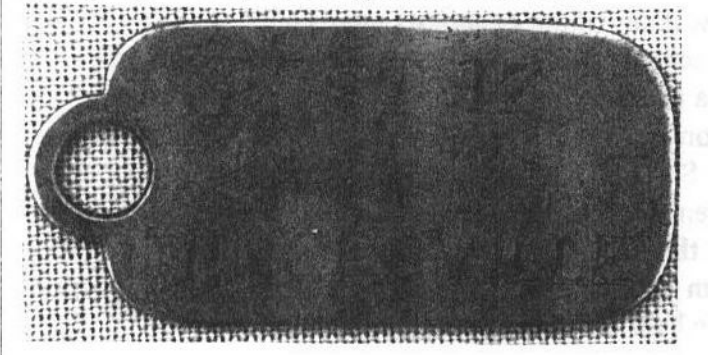

**45th NATIONAL 1911
SOUVENIR CHINA CUP**

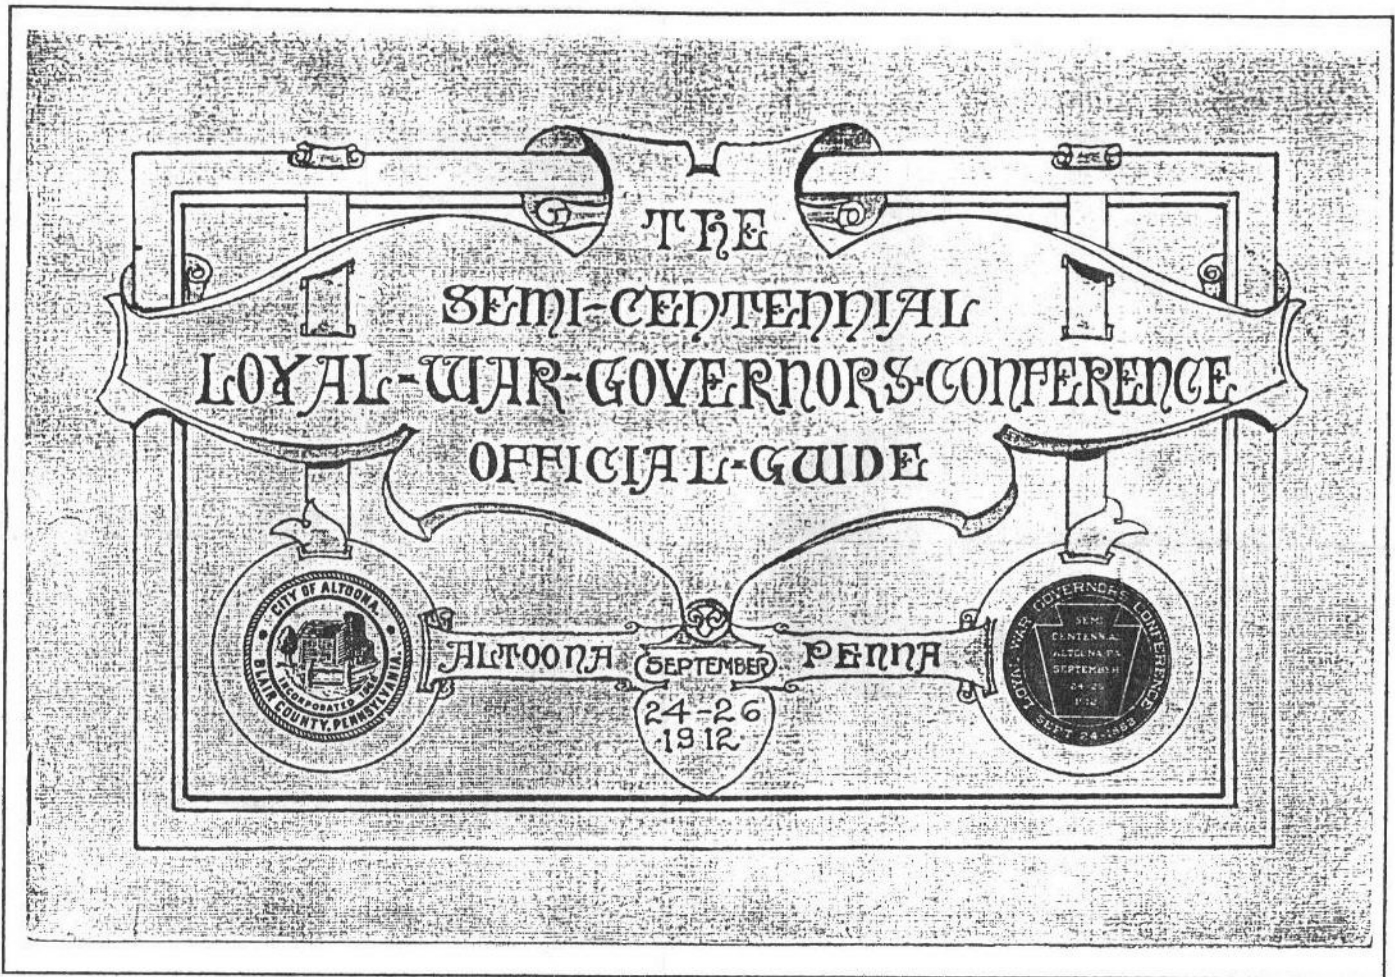

Illustrated above is a looped handle white china cup. The print is gold except for the flag ribbon which is red, white and blue. The cup is marked 45TH NATL. ENCAMPMENT/ GAR/ G.A.R. membership badge motif and motto/ ROCHESTER/ N.Y. 1911

The bottom of the cup is marked on the bottom Imperial/ crown motif/ PSL/ Austria. It is 3 5/16 inch tall, 2 5/16 inch wide at the top lip of the cup.

Glass and china pieces can be a very interesting collecting field. I know of over 125 different directly related G.A.R. and related organizations pieces, and no doubt there are close to 175 pieces available to the collector. Any member interested in corresponding concerning various glass and china pieces, please contact the editor Rance Hulshart, 4000 Old Orchard Road, York, PA 17402

Illustrated below is an unusual brass luggage tag. The obverse is engraved POST 17/ G.A.R./ MINERSVILLE, (Capt. Geo. J. Lawrence Post No. 17 G.A.R. located Minersville, Pa.). The reverse is engraved Commander.

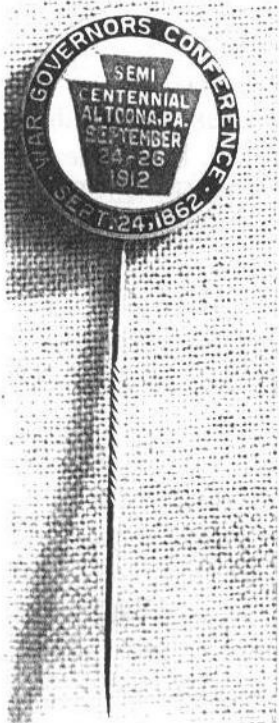

**CIVIL WAR
LOYAL GOVERNORS CONFERENCE**

By Rance Hulshart

Illustrated above is a copy of the cover of a paperback booklet concerning a conference of Loyal Civil War Governors, held at Altoona, Pa. September 24-26, 1912.

Illustrated to the left is a beautiful brass, possibly gold plated stick-pin, a souvenir of this same conference. The pin has a green enamel key-stone on white enamel background, marked SEMI/ CENTENNIAL/ ALTOONA, PA./ SEPTEMBER/ 24-26/ 1912. The badge is marked around the edge on blue enamel . WAR GOVERNORS CONFERENCE ./ SEPT. 24, 1862

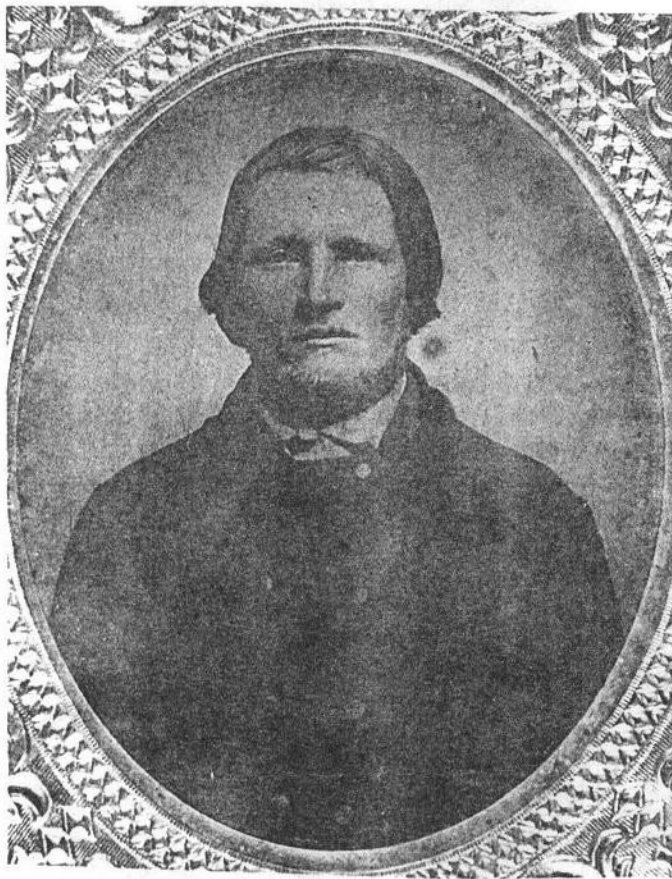

Quite obviously few if any of the governors who attended this 1862 conference were alive to actually participate in this semi-centennial conference so it was mostly just a commemorative activity. Unfortunately the booklet gives no information on just what was notable about this 1862 conference, but many G.A.R. and S.V. members along with National Guard, etc. units participated in this event. Perhaps a member is aware of what was historically significant about this conference or a member who lives near Altoona could check micro film of newspapers from the Sept. 24-26, 1912 period and this will shed some light on the matter.

A CONFEDERATE VETERAN

By Ronny Mangrum

Marcenus Peery Aydelott was born in Hickman County in 1835 to Abner F. Aydelott and his wife Martha (Peery). He was the oldest of six children, five boys and one girl. When the War between the States commenced, he joined Co. D, 48th Tennessee Infantry along with his brother Samuel on December 7, 1861, near Howenwald, Tennessee for twelve months service. The 48th found themselves at Fort Donelson in 1862 just in time to be surrendered unnecessarily to General U.S. Grant. Four companies of the 48th escaped Ft. Donelson with General Nathan Bedford Forrest. Private Aydelott was in one of the fortunate companies, ironically, my Great-great-grandfather, Thomas Garton Newton McCord, was also in the same company as the Aydelotts and

escaped capture also. The soon to be reunited 48th next found themselves at the battle of Jackson, Mississippi and then at Port Hudson, Louisiana in 1863. Sometime in this short service Samuel died of disease, maybe he died near Corinth, Miss. as my ancestor McCord did. McCord died of measles soon after Shiloh and we have yet to find the date Samuel died or the cause. Marcenus joined Hawkin's Cavalry when his enlistment ran out and served in this capacity only a short time, before he was captured in Hickman County October 29, 1863, and sent to Rock Island, Illinois. Marcenus remained a prisoner of war for over a year when he decided to take the oath of allegiance because of his failing health. He was released on Christmas Day 1864 and eventually made his way back home.

After the war was over Marcenus went back to farming and doing a little carpenter work also. He drew a pension from the State of Tennessee for his service to the Confederacy and attended the 1897 United Confederate Veterans Reunion that was held in Nashville, Tenn. (his ribbons, etc. from this reunion are illustrated on the right)

Marcenus was one of the builders of the Confederate Gallery that was added to the Ryman Auditorium so that it would hold the large grey clad group of men that were converging on Nashville in 1897. As far as we can tell this is the only reunion that Marcenus took part in. I guess this was probably because he helped build the gallery. Anyway, he saved his reunion ribbons and badges from this event, along with a song sheet from the 1897 reunion. The ribbon is very worn, (my mother in law stated that they used to play with them when she was little), but they have been preserved now and are no longer played with by any of his descendants. Marcenus lived to July 12, 1919, and is buried in the Peery family cemetery in Hampshire, Tennessee.

Illustrated above right is the bottom part of a brass souvenir G.A.R. badge from the 28th National held at at Pittsburgh, Pa. in 1894. What is unusual about this badge is the veteran had the reverse of this badge engraved "Robt. A. Lyle/ Veteran Legion/ No. 1". (Union Veteran Legion, Encampment No. 1 was located in Pittsburgh, Pa.)The U.V.L. originally organized in Pittsburgh, Pa. in 1884 and its local branches were called Encampments similar to local branches of the G.A.R. were called Posts.

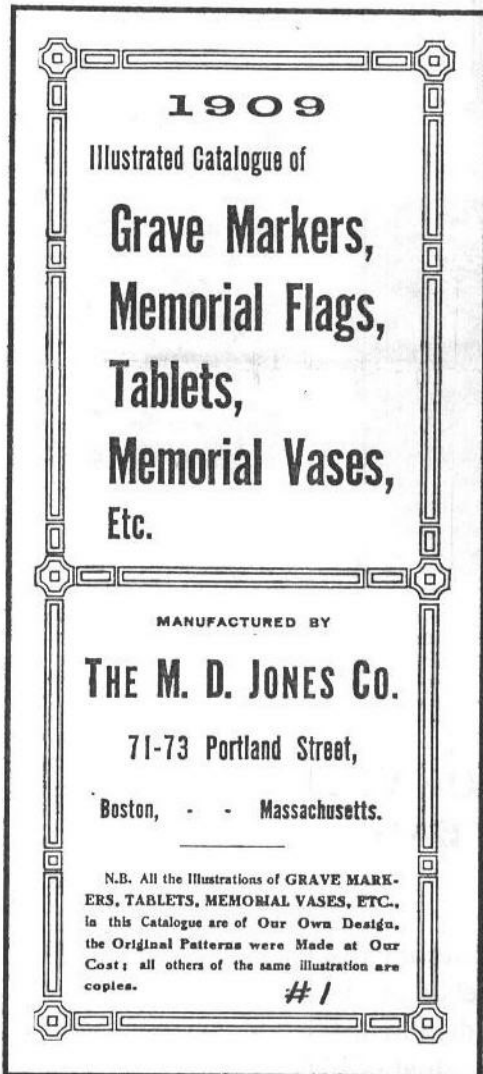

Illustrated above is a looped handle tin cup, It is stamped from the top of the cup so it must be turned over to be read "20th National Encampment/ G.A.R. membership badge motif/ California". The 20th G.A.R. National was held at San Francisco, California in 1886. The cup is 2 5/16 inch tall and 4 7/16 inch wide at mouth.

G.A.R. GRAVE MARKERS

By David Klinepeter

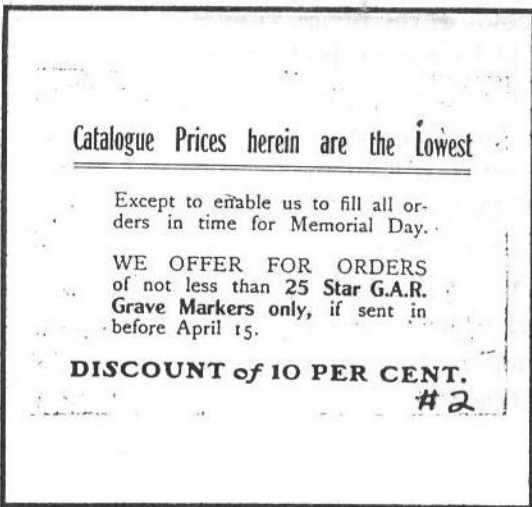

Many of you are familiar with the G.A.R. grave markers which are in most every cemetery throughout the United States, but other than the standard star type with no particular mention of a post, etc. which various counties supplied, most individuals have no idea where they came from. Illustrated to the left, (#1) is the cover of The M.D. Jones Co. 1909 grave marker, etc. catalog. The firm was located at 71-73 Portland Street, Boston, Mass. The years that this company was in existence is regrettably unknown to me. Illustration #2 (below left) is an additional 10% discount the firm offered above their normal low prices if ordered in lots of 25 or more for use on Memorial Day. Illustration #3 (below right) mentions that a representative will be in attendance at the 43rd National Encampment G.A.R. to be held at Salt Lake City in August of 1909. It further mentions the said representative will be able to give information and also have samples on hand for viewing. Illustration #4 (on page 10) shows but two of the many different style markers which this firm supplied. Illustration #5 (on page 10) shows some of the different types of bronze plaques which this firm could supply.

Overall this 32 page catalog offers a wide array of markers, plaques, etc. for most every Civil War veteran and related organization imaginable. Quite obviously from surviving examples with their firm name on the reverse, they supplied many, many markers.

Jones himself a veteran and owner of the company was a member of Willard C. Kingsley Post No. 139 G.A.R. which was located in Somerville, Mass. No doubt the fact that he was a veteran himself played a large part in those who decided to solicit him for their purchases.

A future issue of "The Veteran" will contain examples of statues available from another firm.

IMPORTANT NOTICE

GOLD SONS OF VETERANS CAMP BADGE

By Rance Hulshart

Illustrated to the left is a gold testimonial badge given to Edward Epstein, as indicated in blue enamel on the pin bar. This is a camp level presentation badge which can be determined by the ribbon being blue with thin edge stripes from left to right of blue red and white. Had it been Division level the main color of the ribbon would have been red and for National level it would have been buff or yellow. The S.V. followed the same main color schemes as the G.A.R., to determine the level of office it indicated. The center of badge is red enamel with white enamel intertwined SV on it. It is marked around this on blue enamel. GRATIA . DEI . SERVATUS . / MDCCLXXXI. This is the earlier Latin version of the S.V. motto. The reverse of this badge is engraved PRESENTED/ BY/ PA. DIV./ S.V./ U.S.A.. There is no manufacturer marking, hallmark or indication that it was made of gold.

If by chance any member knows which S.V. Camp that Epstein was a member of, please contact Rance Hulshart with this information. It will be most appreciated.

Dear Friends...Here's an interesting item not seen very often (they're getting right pricey too!). Now don't fill up my P.O. Box with 'shame on you' notes. The KKK existed and all the revisionist historians in the world can't change that. I've no use whatsoever for them but include this medal due to its popularity with collectors. 'Nough said!

Mfg: The Whitehead & Hoag Co., Newark, N.J.

Comments: The Hero Cross was the highest award within the Invisible Empire. 1866 represented the founding of the original Klan to fight carpetbaggers

during the occupation of the South following the War Between the States. 1915 represented the founding of the Klan's second movement by William J. Simmons on Stone Mountain in Georgia. In his booklet *Ku Klux Klan Tokens* (Research Associates-1981), Mr. D.E. Birdsell suggests an application of the original Hero Cross was to honor all surviving members of the first Klan from 50 years earlier. A power struggle ensued between Simmons and Hiram W. Evans with the result that in 1922 Simmons was elected as a figurehead "Emperor" and Evans was elected Imperial Wizard and assumed control. Thereafter, Simmons name was removed from the Crosses and he resigned his membership in February of 1924.

Illustrated above is a unused certificate of membership in the Beneficial Association of Col. S.G. Simmons Post No. 116 G.A.R. located Harrisburg, Pa. We all known a major part of the G.A.R. goals was Charity, but besides Fairs, etc. many of us do not know how funds were raised for such purposes. The way many members descendants received compensation after a veterans death was if he was a member of a Beneficial Association. Many times these associations required members to pay a fixed amount, more if desired to the association yearly. Upon his death his remaining family would receive a set sum of money. Sort of like life insurance. I have read many instances where these associations gave money to needy remaining family even though the said departed veteran was not a member. Although by no means rare, not many of these have survived. Submitted by David Klinepeter

GOLD POST PIN

By Howard Hoffman

Illustrated to the left is a very nice gold post pin used by a member of John A. Griswold Post No. 338 G.A.R., located Troy, N.Y. Any form of this type of post pin is highly desired, but I feel this one in particular is nice in that in-between the 338 and Troy, N.Y. is a replica of a "Monitor".
